ABSTRACT

The directory portion of the Montana Library Directory is divided into three parts: public libraries; academic, institutional and special libraries; and school libraries. The sections are alphabetically arranged by city. Information for each entry includes city, library name, address, county, librarian, hours of operation (for public libraries only), and telephone number. Statistical data is provided in a separate section for local public libraries, counties, and library federations. Included is data on taxation, funding, expenditures, collections, circulation, personnel, and nonresident borrowers' fees. Names and addresses are provided for library associations, the state library commission, the state library advisory council, and affiliates of the five federations. There also is a brief description of a statewide demonstration of federation library services. (LS)
